# BIENVENIDOS A MIAMI

SPRING/SUMMER 2017

## APPAREL

This season, Diesel takes you on a colourful and kitschy tour of Miami.

“Miami is a place I’ve always admired for its art culture, art deco architecture and beach lifestyle,” reveals Artistic Director Nicola Formichetti. “We have the Pelican Hotel here too so it’s a part of our history.”

“I’m inspired by the uplifting, 80s pop colours every time I visit. I wish the entire world was like Miami during summer.”

The first stop is Flamingo Road, where the vivid and elegant animal makes an appearance on women’s sweaters, sometimes in 3D form. Prints rule, from cutesy hearts to sophisticated polka dots for her, and camo and rainbow details for him. Oversized rivets are this season’s punchy hardware story, in pure metal or a mix of metallic colours. The cut-outs stamp everything from sweatshirts to t-shirt dresses, women’s high-heeled sandals to this season’s collectible bags.

You’ll then take a casual and stylish stroll through a modern-retro grouping that looks to Memphis styling for inspiration on flirty silhouettes, clean and sporty jackets, and for the first time in Diesel history, pink pieces for men.

Finally, the tour concludes with a trip back to the 1980s where the brand’s collaboration with graphic designer Yoko Honda has resulted in nostalgic palm tree prints and beachy graphics in pale and coloured denim, and pastel hues.

Enjoy the trip.
