# **BIENVENIDOS A MIAMI**

## **SPRING/SUMMER 2017**

### **BEACHWEAR**

A sexy design meets high-end fabrics and innovative technologies in the beachwear collection. Case in point: Diesel's signature denim inspires Waykee, a water friendly jean fabric crafted from men's swim shorts showing 5-pocket constructions. Made with quick-dry microfiber, Mohican Fold & Gold shows the brand's signature Mohawk graphic, and embroidered back pocket and a rubber patch, while references to classic chinos emerge in Caybay, a swim trunk available in a range of exotic prints and acid tones.

The ready-to-wear's Miami inspiration echoes in the women's collections of bikinis and one-piece styles printed with palms, beach scenes and flamingos. Bikini tops and bottoms come also embellished with denim elasticated trims and ties.

Enjoy the trip.
