# WELCOME TO SPRING / SUMMER 2016

Taking inspiration from the catwalk, we give the season's 90s trend a sophisticated twist. Street-cool bomber jackets, pale wash denim and pleated skirts are given a touch of dishevelled glamour from boudoir pieces like lace-trimmed slip dresses and camisoles.

A neutral palette of nudes and blush tones dominates embroidered dresses and cutwork tops, and white denim is revisited in sleeveless tops and button skirts.

SS16's romantic trend comes into its own with cold shoulder dresses in meadow prints and pretty lace panelling on tops. Meanwhile, stripes are bold and eye-catching, especially on co-ords.

# ACCESSORIES

Footwear goes classically feminine for Spring | Summer 2016. Ghillies remain a key style and come in an array of springtime colours, from bright buttercup yellows to softer ballet pinks.

Traditional bag shapes are updated with bold animal prints and tribal-inspired embroidery. Detail is key and can be found on everything from heavily embellished canvas bags to structured ladylike styles with geometric chain handles.

Jewellery is as strong as ever, with a heavy focus on shell pendants, beading and feather detailing. A neon palette filters through the whole collection, complementing statement necklaces and wooden bangles. Chokers make a comeback while hair jewellery, one of the season's hottest catwalk trends, is the perfect finishing touch to any look.

# SWIMWEAR

New season colours and details give swimwear a Summer twist. Sophisticated high neck styles are updated with feminine prints and scalloped edges, while plunging fronts and fringing are perfect for pool parties.

Multi-strapping detail is key this season and goes across both bikini tops and bottoms for a subtle yet striking summer look.

From crochet dresses in relaxed silhouettes to delicate playsuits in off-white shades, cover-ups are essential for taking you from beach to bar.
